The journey of your Wedding Day

We welcome you from 8:00am on the morning of your wedding, into our newly refurbished annex; a bright and airy room, for you and your bridal party to get ready in. With long oak mirrors and lots of space for hair and make-

up preparation, the Annex is the perfect place to hang your wedding dress up and be central to everything. Your photographer will arrive as you are getting ready to capture the first special moments of your wedding day.

The Sussex Barn

Our beautiful Sussex Barn radiates warmth and delight, with its original oak beams draped in white with encased fairy lights at each end of the barn. Boasting views of our established wedding garden, the Sussex Barn is the perfect canvas on which we can build your celebration. Situated North-South, it has double door glass alcoves on each side, making it a light and airy space with a capacity to sit up to 110 guests. It has a working stage, where your entertainment can set up ready for the evening celebrations.

Whilst you are getting ready, we will dress your tables. Working in partnership with **Hire Your Day** and **Elegant Stationery**, we will set up the barn, pop the place cards on the tables; along with anything else you would like us to prepare for you.

Our aim is to help you as much as possible, we want you to relax and get ready with your bridesmaids without having to worry about setting up your wedding breakfast. We have a real eye for detail so will ensure that everything we have planned together follows your vision.

Now you are married!

Confetti, Confetti, Confetti! Now you are married! We will work through how your day unfolds together; often we begin married life with fabulous confetti pictures. Once you have left the ceremony, your guests follow you and

we help them into two lines alongside the lavender in the blue boarder. We hand out the confetti to your guests as the photographer captures the memories as your guests festoon you with confetti.

Your guests are then welcomed onto the terrace by Hardings Catering, with cold prosecco. The bar re-opens and group photography commences. As your guests enjoy drinks **your Professional Photographer** will take you around the garden for couples' pictures. There is a choice of 4 professional photographers within the package.

Eat, drink and be merry!

Your wedding breakfast takes place around an hour and a half after your ceremony. The Hardings Catering Manager will invite your

guests to take their seats, they will then announce you both into the Sussex Barn and your wedding breakfast commences.

Sole caterers

Hardings First Class caterers have been working with us in partnership since 2018. They pride themselves on their flexibility with their menus, helping you to create the perfect meal to suit all your guests. Managing every detail of your wedding reception, they provide superb service for each menu as well as a fully licensed bar facility.

Following your meal and the speeches, tea & coffee is served either on the terrace in the sunshine, or in our Pavilion Barn while the Sussex Barn is prepared for the evening celebrations.

The menus from Hardings are available to download from our website, we will also provide these for you when you come to view.

Summer WEDDINGS

*"Shall I compare
thee to a
summer's day?
Thou art more
lovely and more
temperate..."*

WILLIAM SHAKESPEARE

Prior to coming in for the cutting of the cake you may choose to have sparklers in our garden, this makes for wonderful photos for all your guests, and includes your evening guests in photos too.

You will then make your way back into The Sussex Barn for the moment of cutting the cake, followed by your first dance. The DJ will entertain your guests through to last orders at the bar, as the evening comes to a close.

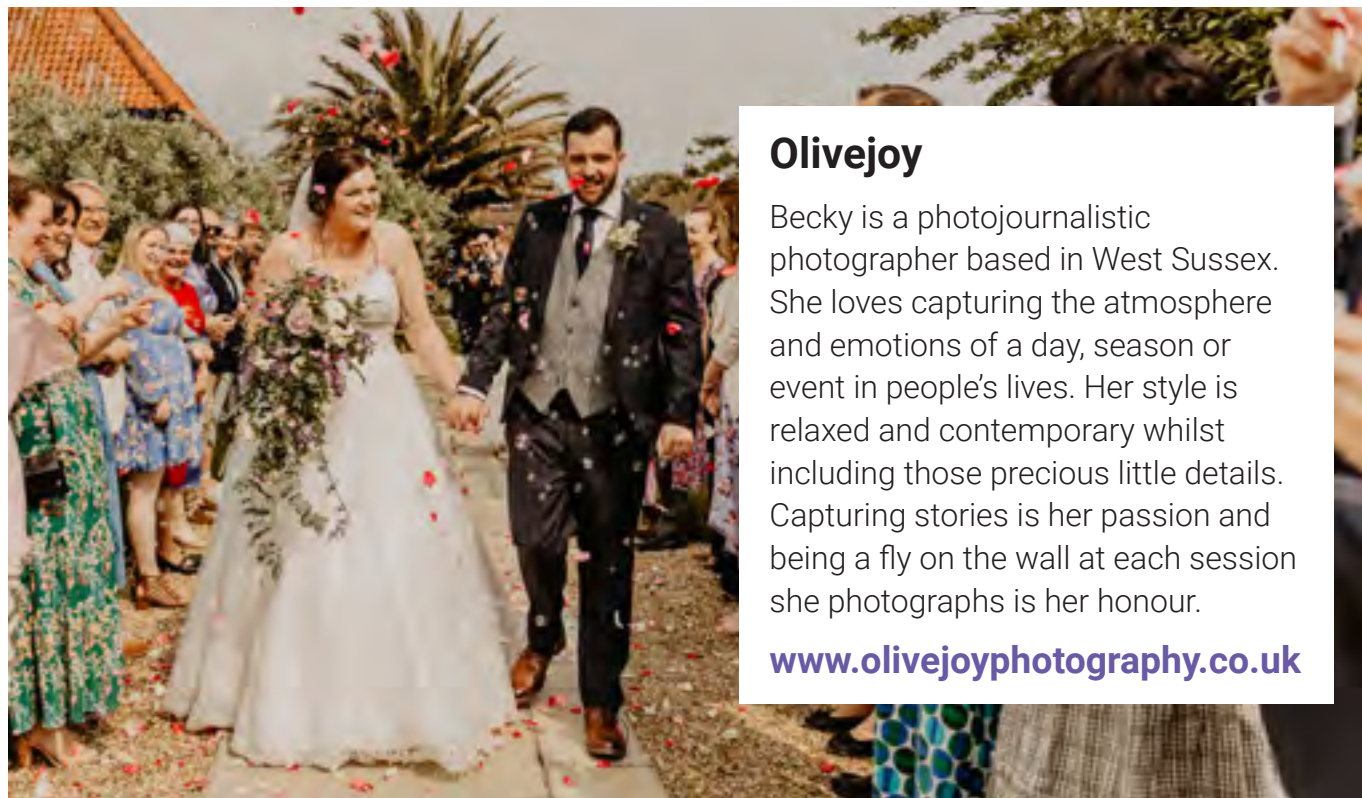

A day to remember forever...
